

How To Make A Confidential Referral

Archbold Northside

Step 1. Call the appropriate number below and request an assessment therapist:

HELPLINE800-238-8661

Step 2. Answer questions about the patient including

- Demographic information
- Medications
- Insurance information
(we accept with many forms of insurance)
- Presenting problem
- Most recent labs, if available
- Medical conditions and history
- Voluntary or involuntary status

Step 3. An assessment therapist will communicate patient information to the psychiatrist who will determine if the patient is appropriate for admission.

Step 4. You will be contacted by an assessment therapist with the psychiatrist's decision and further admission instructions or referral information.
