Georgia Minority Health Advisory Council Addendum

Because of Georgia's racial and ethnic diversity, and a dramatic increase in segments of the population with Limited English Proficiency, the Georgia Minority Health Advisory Council is working with the Department of Community Health to assess our health systems' ability to provide Culturally and Linguistically Appropriate Services (CLAS) to all segments of our population. We appreciate your willingness to provide information on the following questions:

Do you have paid medical interpreters on staff? (Check the box, if yes) ☐

If you checked yes, how many? (FTEs)

What languages do they most often interpret?

When a paid medical interpreter is not available for a limited-English proficiency patient, what alternative mechanisms do you use to assure the provision of Linguistically Appropriate Services? (Check all that apply)

- Bilingual hospital staff member☐
- Community Volunteer Interpreter☐
- Refer patient to outside agency☐
- Bilingual member of patient's family☐
- Telephone interpreter service☒
- Other☒

What training have you provided to your staff to assure cultural competency and the provision of Culturally and Linguistically Appropriate Services (CLAS) to your patients?

During new employee orientation, new hires are introduced to resources available within the health system to communicate with patients with Limited English Proficiency or who have vision, speech, or hearing impairments. The hospital utilizes a Healthstream online educational course, "SQ Acute: Care Delivery, Culturally Competent," for additional training, and this course is assigned to new hires upon employment. All employees are required to complete this course on an annual basis along with attend in-person classes that include education on cultural competency and CLAS for our patients. This course is based on our

What is the most urgent tool or resource you need in order to increase your ability to provide Culturally and Linguistically Appropriate Services (CLAS) to your patients?

Directional signage is currently available only in English and Braille; it would be helpful to add Spanish for patients and visitors and have maps of the campus in Spanish. Additionally, adding functionality of on-line interpreter services to bedside charting within the electronic health record would be much more user friendly to patients and more time efficient for staff.

In what languages are the signs written that direct patients within your facility?

Language One:

English – directional signage. Braille – room identification signage. Universal restroom icons with Braille. (They do not have patient elevators. BCH elevator goes t

Language Two:

Language Three:

Language Four:

If an uninsured patient visits your emergency department, is there a community health center, federally-qualified health center, free clinic, or other reduced-fee safety net clinic nearby to which you could refer that patient in order to provide him or her an affordable primary care medical home regardless of ability to pay? (Check the box, if yes)

☒

If you checked yes, what is the name and location of that health care center or clinic?

Grady County Health Dept, 1030 4th St, Cairo GA 39897

Nurse Employment Addendum
